

2025
A YEAR OF
PIVOTAL
PROGRESS

MAINE
LABPACK, INC

Impact Report

This is what change looks like

Our year *in numbers*

Together with our customers and partners throughout Northern New England, our small business....

200+

Tons of waste properly disposed of in 2025

3M+

Pounds of specialized waste diverted from landfills since 2020

31,000+

Pounds of mercury, lead, other heavy metal containing Universal Waste recycled

4,000+

Cubic yards of medical waste diverted from landfills in 2025

1 Million

Nearly one million pounds of hazardous waste properly disposed of in the last 5 years

And this is just *the beginning!*

Maine Labpack provides sustainable waste management solutions to customers across New England. With our technical services and hazardous waste disposal solutions, rest assured, our team of experienced employees are trained to handle all responsibilities onsite.
